# 2024 Annual Report

# NGBS Green Program Highlights

## 2024 - NGBS Green's Best Year Yet!

The NGBS Green program had an incredible year in 2024. The year was a success because of our clients' and Verifiers' trust, collaboration, and shared commitment to creating greener, more sustainable homes. 2024 was the first year in which we certified over 100,000 homes, and we reached our 600,000th NGBS Green certified home in November of this year.

Some of the other highlights this year included:

**120,000+**

NGBS Green homes certified in 2024

**35%**

increase in total number of certified homes

**318%**

increase in homes earning Green+ badges

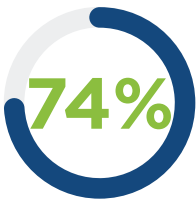

**131**

NGBS Green Certified Products

First ever WaterSense home certified by Home Innovation

**First 223**

homes certified using the NGBS Green Certified pathway

of multifamily homes received HUD funding or incentives

**21%**

increase in NGBS Green Verifiers

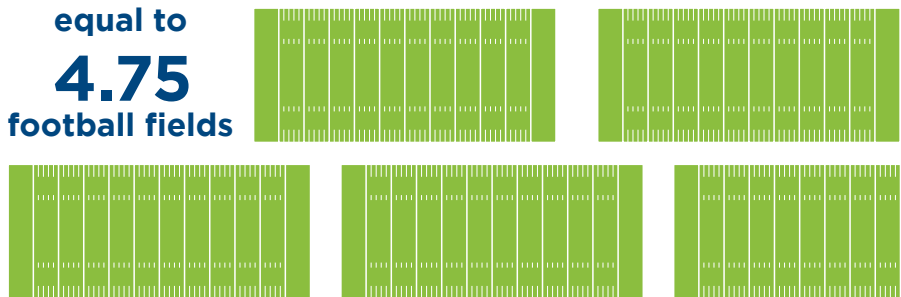

most-earned NGBS Green+ badges:

**273,928**

sq ft of commercial space certified

equal to **4.75** football fields

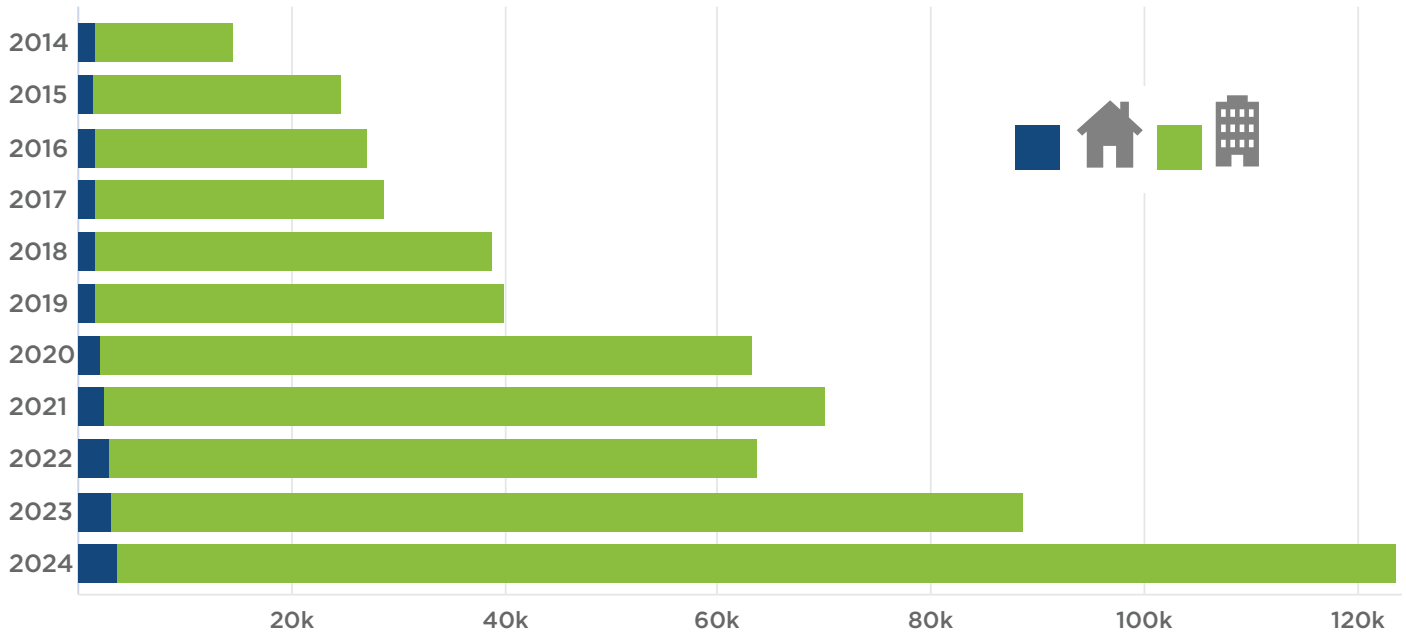

Our commitment to sustainability drives our efforts. Together, we've made eco-friendly living a tangible reality for more than 600,000 households across the nation. Looking ahead, 2025 promises even more innovation and progress. We're excited to continue this journey, pushing the boundaries of what's possible in sustainable home solutions.

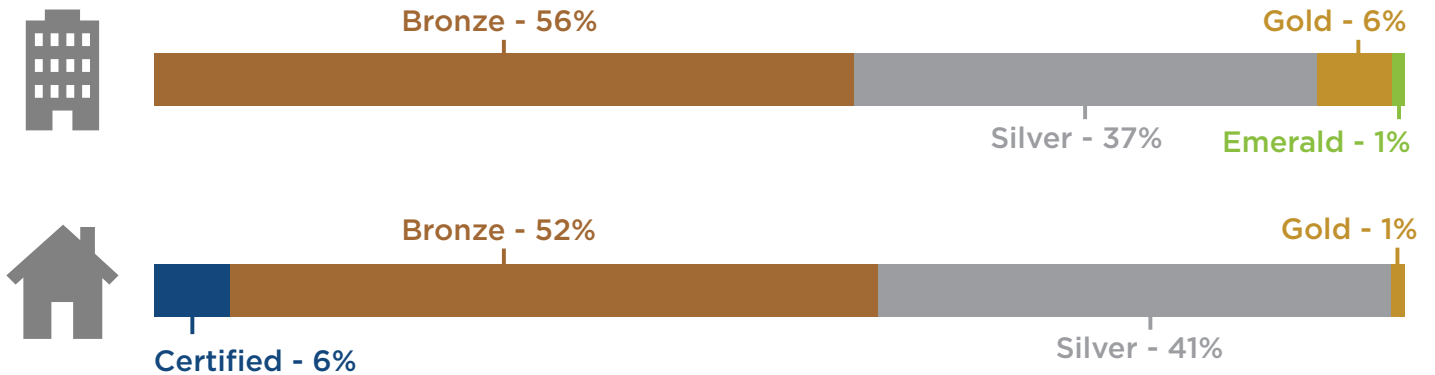

Many thanks to our clients, Verifiers, and other program partners for being such an essential part of our mission!
